Facette® Shades

The new and innovative HunterDouglas® Facette® Shades offer a unique combination of stylish, soft fabric with optimal light control and privacy - creating the ultimate in design, performance and functionality.

Light & Heat Control

With its alternating opaque and translucent FR woven fabric layers, Facette® Shades let in the beauty of natural light with soft, subtle light control that can be adjusted in an instant by raising or lowering the vanes.

The beauty of Natural Light

DAYLIGHT & DESIGN

HunterDouglas® Facette® Shades come in a contemporary project range of colours and vane widths to optimize daylight and an optimal solution for every window size:

- Small (4 mm): Ultra Slim, minimalist look for a clear view-through
- Medium (7 mm): Suitable almost every size and shape of window
- Large (14 mm): Strong, bold look for larger window spans and open view

All visible elements including cover profiles, bottom rails and end caps are colour coordinated with the selected fabric. Alternatively, Facette® Shades can be personalized with white or anodized fittings.

FABRIC

Facette® Shades are made of high quality Fire Retardant 100% TREVIRA CS yarn and rated B1 and M1. The antistatic properties help to repel dirt and ensures durability.

DESIGN, FUNCTIONALITY & COMFORT

- Antistatic
- Suitable for humid rooms
- Easy maintenance fabric
- Innovative and functional design
- Movable vanes for total light control and privacy
- Reduces harmful UV radiation, providing good energy efficiency
- Gently filters and softens daylight and offers complete privacy
- 3 vane sizes and a wide range of colours
- All visible components are colour coordinated
- Shades roll up completely into the headrail
- Operated by a slim, matt stainless steel chain
- Fire Retardant rated, 100% Trevira CS fabric
