WINDOW COVERINGS | CEILINGS | SUN CONTROL | FAÇADES

Wood Blinds

Made-to-measure Wood Blinds from Hunter Douglas are expertly crafted from real hard wood and available in 35 and 50 mm wide slats.

The warm, natural look of the wood, combined with outstanding functionality ensures complete light control by the subtle adjustment and angle of the slats. All HunterDouglas® Wood Blinds pass the EN 14501 test that measures thermal comfort.

DESIGN, FUNCTIONALITY & COMFORT

- High quality wood species
- Scratch proof and UV-resistant finish
- Straight wood grain without knots
- EN 14501 tested
- Moisture resistant top coat
- Proven control mechanism
- All visible components are colour coordinated
- Available with cord or fabric tape
- Optimum daylight and glare regulation through motorization or manual controls

HunterDouglas® Wood Venetian Blinds are made from real wood. As with any natural wood, exposure to direct and indirect sunlight can produce a change in colour.

Warm, Natural look

DESIGN OPTIONS

HunterDouglas® Wood Blinds are available in 35 and 50 mm slats and offer a large assortment of colours, finishing options, tapes and cords to create a custom design for your project. The 50 mm Wood Blind has smaller stacking heights, which create a smoother look.

The wood slats come standard with special UV coating to protect your investment from warping and sun damage. All Wood Blinds can be manually controlled or fully motorized.

NATIVE WOOD

Pure, natural, and exclusive, the HunterDouglas® 50 mm Native Wood collection features a diverse range of natural wood species in rich colors and striking patterns that create warm natural ambience in a space.

Individual woods are carefully chosen to bring out the unique visual qualities and lustre of wood type and features a superb collection of wood slats with a linear pattern.

A range of fabric tapes adds custom possibilities for this premium wood selection.
